New Gallery in Town!

One of our artists, Carmen Martorella has recently opened her very own gallery at 6 Baker street near Marymount College. After having her works displayed all over Sudbury, Carmen realized that her own gallery would better suit her needs. A bonus was that she could also teach and have her own studio in a single location and when the opportunity arose in an uptown location, she and her husband helped realize her dream. Now surrounded by art, her gallery is aptly named "Art and Soul"

Fall Sidewalk Show A Big Success!

The sidewalk show this past September 23 was very well attended and kudos to all the artists that set up and displayed wonderful works of art. Several sales were made and the venue was perfect, the weather cooperated and the owner was very pleased to see such a good turnout.

Plans are already underway for future events with even more artists, tents and great art! This is a great way to spread the word and make the public aware of our gallery and the amazing works inside and hopefully continue to show benefit for the owners to continue their support!

A great day!!
